Many thanks to the friendly Mastiff exhibitors for bringing their dogs & accepting my placings so sportingly.

MPD (0). **PD** (1) 1 Gittin's Cwmtyswg Odin, 11 months, pleasing type, well grown & with good bone. He has a balanced head with a nice eye, ears well placed. He has a nice reach of neck, topline is a little soft at this time. His angulations are good front & back. At this time he is a little loose on the move. He has excellent temperament. **JD** (2) 1 Coulman-Hole's Fynad Fifty Shades, 13 months with a good outline. Very pleasing type, of good size & shape, he has a nicely balanced head with a nice eye. Good reach of neck, excellent topline & croup. He has good bone & feet & super temperament. He moved soundly with a nicely balanced side gait, perhaps a little loose in front which I forgive him at this age. Would just prefer a little better angulation behind. Felt he was worthy winner of the RCC & I hope he continues to develop well; 2 Coulman-Hole's Fynad Humpty Dumpty, 13 months, good size male of pleasing type. I would prefer his eyelids to be a little tighter. His ears are well placed & he has good depth of muzzle. His topline is a little soft at this time & he needs to settle on the move. He has excellent bone & angulation. **PGD** (1) 1 Gittin's Cwmtyswg Mathrafal, 2 years male, I liked his type, he has a nicely balanced head, I would prefer his eyelids to be tighter & his lips were a little loose.
